Rusty,

Thanks for all your hard work. I think that everything looks great. He sure is big. I had the chance to listen to a number of visitors on Saturday afternoon and there is no question, he is a show stopper.

Rusty,

I just wanted to thank you for your top quality Crunch exhibit and your tireless efforts to engage the public in a meaningful way. We had excellent attendance for all three days and no doubt Crunch played a significant role in bringing in those guests. Your ability to be here on Friday morning for TV/press coverage was also very important in bringing in the crowds. Hope you have a safe trip back home. We hope to bring you back again in the future.

We have owned CRUNCH for twenty years. We began our educational exhibits six years ago; we only set up for a maximum of five shows a year. These are our references at this point. We have done multiple shows for some of the promoters. Please feel free to contact any of them to verify the success of a CRUNCH exhibit.
